Step: 1

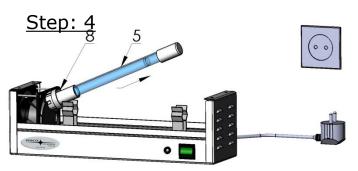

Disconnect the power to the MAC500s by unplugging (position 2) from the wall socket

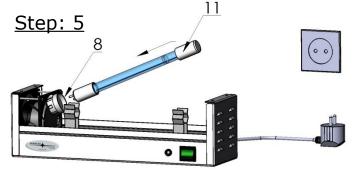

Remove the four screws (position 3) and remove the cover (position 4)

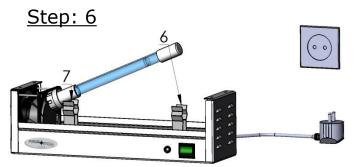

Lift the lamp (position 5) out of lamp clip A (position 6) and lamp clip B (position 7)

Pull the lamp (position 5) out of the socket (position 8)

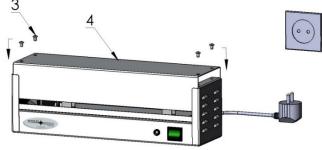

Insert the new lamp (position 11) into the socket (position 8)

Push the lamp (position 11) down into lamp clip B (position 7) and lamp clip A (position 6)

Attach the lid (position 4) and install the four screws (position 3)

STATEMENT OF COMPLIANCE

The undersigned, who represent the manufacturer mentioned below

Manufacturer	14 C .				Y 1/0	
or who represent the manufacturers authorised representative within the EU Authorised representative: Address: Declare that Product identification: MACS00s is manufactured in compliance with the following EU directives: (Including all addition appendixes) Reference No. Title 2014/35/EU Low Voltage Directive(LVD) And that standards and/or technical specifications mentioned below. Year when CE label was affixed: 1999 Identification of signer: Jimmy Larsen Date: 08-04-2019 Signature: Reference to standards and/or technical specifications which are used for this "Statement of Compliance or perits thereof. Harmonised standards: No. Version Title Parts (1) Other standards and/or technical specifications: No. Version Title Parts (1) Other technical solutions, where detailed information is included in the technical documentation of the technical dossier for the construction.		irer:			Jimco A/S
